Welcome to Varanasi

"Benares is older than history, older than tradition, older even than legend, and looks twice as old as all of them put together." - Mark Twain

Varanasi also known as Benares or Banaras - The Temple City which is 'The Oldest Living City in the World' also known as Spiritual & Religious capital of India, City of Learning, with 3500 years of documented history, is also called Kashi.

There are several places to visit in and around Varanasi, we have concise arrangement for following places.

Kashi Vishwanath Temple - The temple stands on the western bank of the holy river Ganga, and is one of the twelve Jyotirlingas, the holiest of Shiva temples.

87 different Ghats - Ghats in Varanasi are river front steps leading to the banks of the River Ganges. The city has 87 ghats. Most of the ghats are bathing and puja ceremony ghats, while a few are used exclusively as cremation sites.

Enlightened by Buddha - located 13 kilometres north-east of Varanasi. The deer park in Sarnath is where Gautama Buddha first taught the Dharma, and where the Buddhist Sangha came into existence.

Ganga Arti - it is the ritual performed by a group of priests daily in the evening at Dashaswamedh ghat wherein a dedication is made to Lord Shiva, River Ganga (the Ganges), Surya (Sun), Agni (Fire), and the whole universe.

Subha-e-Benares The radiance of splendid architecture of Ghats with everyday sunrise at Varanasi gives incredible scenic beauty which offers relaxation of body, mind & soul with revitalizing energy with the rising sun- this is the significance of Varanasi in early mornings.
